Python :

PERSONAL EXPERIENCES

Fullstack developer for 9
months at the company
Eurokey in Saarbrücken in 2019

My task was to continue the
development of an application
for the developers of the
company allowing them to
manage more easily the
creation of the commercialized
applications

Appointment to the position of
DIVA IT manager in 2018, 2019
and 2020.

The DFHI-ISFATES-
Verein Association is the student
association of the ISFATES. I
accomplished different tasks
there such as the refactoring of
the official website (new graphic
design and implementation of an
administrator interface) as well as
the creation of posters and logos

Participation in numerous
summer camps in France
and abroad (Greece,
Sweden, Norway, Iceland,
Malta, Canada) in semi-
autonomy

Performances of **concerts**
